A new psychiatric care facility has opened in southwest Broken Arrow.

Strength of Mind, 8937 S. Garnett Road, is the outgrowth of a practice established by Dr. Clayton Rogers in Claremore. Over a period of 24 years, it has grown to include a group of providers - including three PhDs - offering a full scope of care for patients ranging from children to senior citizens.

Leading the 13-member medical team is Dr. Jeffrey K. McIlroy.

He said the Broken Arrow site was established after an employee, who lives in that area, grew tired of having to drive to work in Claremore every day and began touting the advantages of having a facility in the Broken Arrow-south Tulsa area. That led to the hiring of a realtor and, eventually, the purchase of property.

McIlroy noted the new Strength of Mind offices were originally a private home. Extensive remodeling and expansion has converted it into a uniquely comfortable professional setting.

Office hours are 9 a.m. to 5 p.m. Monday through Thursday and 9 a.m. to noon on Friday.
